Plagiarisme

A common mistake people make when trying to design something completely foolproof is to underestimate the ingenuity of complete fools.

So _____ was _____ a _____ when he realised that he could copy _____ and paste sumfim from _____ instead. He _____ to copy _____ page on _____ so that he can enter it for his _____. He _____ that it is _____ to trace as _____ are _____ enough that only _____ people know what they are. _____, he also writes the url of the _____ that he _____, so he only got an _____ - instead of an _____, but he still _____ _____ and got a free _____ out of it.
