## Mary, the Explorer

Mary, oh, Mary has been looking for some time, now. She searched, she
searched low, she searched here, she searched Mary searched in the, she
searched in the pantry, she in the laundry hamper, but she found it when she least
expected it. Last night, as she was hanging her sister Rebekah's in the closet, she found it.
Stepping into the Noun to get a better reach, she found herself not in a Adjective closet, but a
wood, and facing her was a creature with skin, curly, Adjective eyes, a
short pointed Noun, Part of Body on his forehead, cloven hooves, Animal legs with
glossy black, a strange but pleasant little face, and a long Part of Body He was only a
little taller than Mary herself. "Good gracious, me!" he exclaimed, dropping his parcels.
