# Dean Winchester's Journal

Dean Winchester always looked up to his dad. He even had a secret nickname for him, nickname.

One thing he wished he could do like his dad was track all those evil sons of Noun - Plural and write down how to Verb - Base Form them. He had been trained from a young age to be a soldier of Noun and it was about damn time he wrote down what he learned.

He started today.

First, there were vampires. Vampires were Adjective and liked to Verb - Base Form their Noun - Plural. They didn't burn up in the sun, but they Verb - Past Tense in the sun and were nocturnal. Best way to kill them? Take a Noun to their Part of Body so they are beheaded.

Next, Noun. Sam was a little too close to this one, one of his girlfriends turned out to be one and Sam had to put a bullet in her Part of Body. The only way to kill them is to make sure the bullet is made of material and goes straight into their Part of Body. These suckers can convert you with a single Verb - Base Form and turn during the Noun. They also rip the Part of Body out of their victims.

Shapeshifters.

Those damn \_\_\_\_\_ Noun - Plural react to \_\_\_\_\_ Adjective objects. You can kill them by \_\_\_\_\_ Verb - Present ends  
in ING them with such an object. Watch out, though. Dean had a shapeshifter turn into him and it  
\_\_\_\_\_ Verb - Past Tense in public and \_\_\_\_\_ Verb - Past Tense, making it look like Dean was a \_\_\_\_\_ Noun. The  
cops were constantly on Dean's butt, pinning him for \_\_\_\_\_ crime.

Ghosts, oh man. If you encounter one of these \_\_\_\_\_ Adjective spectres you have to \_\_\_\_\_ Verb - Base Form and  
\_\_\_\_\_ Verb - Base Form their \_\_\_\_\_ Noun. This means digging up their remains at a \_\_\_\_\_ Location. Ghosts  
are repelled by \_\_\_\_\_ material and \_\_\_\_\_ material. The more vengeful the ghost the more you have to  
\_\_\_\_\_ Verb - Base Form.

Demons are the worst. They are also repelled by \_\_\_\_\_ Noun and \_\_\_\_\_ nickname dust. You can't really kill  
one, not that I know of yet, but you can exorcise them easily by chanting many different spells. Sammy's favorite  
is \_\_\_\_\_ Phrase or speech and my favorite is \_\_\_\_\_ Phrase or speech. It sends them right to \_\_\_\_\_ Location where  
they belong.

I'll update when I find out more. For now, I'm glad I don't have to deal with a Shriga or a chuchila anymore.

Pagan gods are unpredictable. Usually you have to \_\_\_\_\_ Verb - Base Form their \_\_\_\_\_ Noun, but Sam always  
says \_\_\_\_\_ exclamation.
