# Thanksgiving Feast

It was Thanksgiving. The whole Proper Noun family was cooking for the feast. Both Noun - Plural had to run to the store to get one last secret ingredient from the turkey. The Noun gave directions on when to take out the Favorite food. The timer went off 5 minutes later when the parents left. Nobody heard timer because Bill forgot to take his headphones off. His sister was watching Proper Noun and was singing to loud. Bill went to check on the turkey and noticed it was on fire. Pronoun left it in there and got a fire extinguisher to put out the fire. Then all of the stuff that came out of the fire extinguisher got on the color Favorite food Casserole. Adverb when the parents got home, they saw the mess and got furious. That night, the Proper Noun family had the Adjective Thanksgiving feast ever.
