# Destination Postcard

As a result of consistently delivering deep thinking, an innovative spirit and great storytelling to our clients, Gongos has evolved in many ways.

From an external perspective, our clients are able to spontaneously articulate that Gongos is known for great stories that are a result of deep thinking and an innovative spirit. They will tell you that they come away from every interaction with us having learned \_\_\_\_\_ Noun \_\_\_\_\_ or having gained \_\_\_\_\_ Adjective - Comparative \_\_\_\_\_ clarity about the \_\_\_\_\_ Noun \_\_\_\_\_ and \_\_\_\_\_ Noun \_\_\_\_\_ problems they are \_\_\_\_\_ Verb - Present Tense \_\_\_\_\_ with. Without even seeing a company \_\_\_\_\_ Noun \_\_\_\_\_, they can spot our work out from the crowd and say, "No question about it. That's Gongos' \_\_\_\_\_ Noun \_\_\_\_\_." In fact, they so value it that they remain with us as \_\_\_\_\_ Noun - Plural \_\_\_\_\_ and become \_\_\_\_\_ Noun - Plural \_\_\_\_\_ of GR among their peers in the \_\_\_\_\_ Noun \_\_\_\_\_.

Internally, some important shifts occurred to bring GR to this place.

One shift came from a commitment at all levels of the organization to challenge clients' research and business assumptions - all in the spirit of helping both them and us gain clarity into the essence of their questions. Across the board, the desire to find "what lies beyond the \_\_\_\_\_ Noun \_\_\_\_\_" is strong within every \_\_\_\_\_ Noun \_\_\_\_\_ and drives them to dig a little \_\_\_\_\_ Adjective - Comparative \_\_\_\_\_ to discover it. If you asked employees, this evolution also came with a shift toward freeing employees to create great \_\_\_\_\_ Noun \_\_\_\_\_. Rather than feeling \_\_\_\_\_ Adverb \_\_\_\_\_ shackled

to rigid \_\_\_\_\_  
Noun - Plural for everything, employees felt trusted to bring their \_\_\_\_\_  
Adjective gifts to their  
work, with standardized \_\_\_\_\_  
Adverb - Superlative practices only put into place for "mission critical" elements of  
our \_\_\_\_\_  
Noun.

A true feeling of "ownership" also is pervasive throughout the organization. We identify with our  
\_\_\_\_\_  
Noun - Plural, their business and their \_\_\_\_\_  
Noun - Plural. We realize every project, every client  
interaction, every decision we make is \_\_\_\_\_  
Adjective both for our \_\_\_\_\_  
Adjective development as well as  
for the growth of the \_\_\_\_\_  
Noun as a whole.

Beyond this, though, this feeling of ownership is rooted in a strong desire to play a part in writing the next  
chapter of Gongos' history. Employees realize Gongos is a special \_\_\_\_\_  
Noun and is creating a unique  
\_\_\_\_\_  
Noun. Being a part of it taps into our desire to be the best that we can be individually and as a part of  
something bigger than ourselves; something that we can point to at the end of our careers and say, "I helped  
shape Gongos into the \_\_\_\_\_  
Noun it is. And, at the same time, Gongos helped to shape me and help me grow  
as a \_\_\_\_\_  
Noun...and as a \_\_\_\_\_  
Noun. It was the highlight of my career."
