## **Dear Science Teacher**

Dear Science Teacher,
Please excuse First Name of a Person for being late for your
science class. It's my fault first Name of a Person was up until the hours
of the
morning completing his/her project. Just as he/she was
going out thedoor, I noticed that his/her only pair of
Noun - Plural had a Noun in them. It took me an hour to
find my Noun - Plural so I could see to Verb - Base Form the needle,
enabling me to sew his/her Noun - Plural back together.
