thank _____ it's _____

'Cause _____ are my _____

I don't know why they always seem so _____

_____, _____, _____, and a slight _____

Whether it's the _____ or the _____ by my _____

sometimes _____ seems better than the _____ in my _____

Let it be said what the headache represents

It's

me defending in suspense

It's me suspended in a defenseless

test being tested by a ruthless examiner

that's represented best by my depressing thoughts

I do not have writer's block

my writer just hates the clock

it will not let me sleep, I guess I'll sleep when I'm dead

and sometimes death seems better than the migraine in my head

Am I the only one I know

Waging my wars behind my face and above my throat

Shadows will scream that I'm alone

But I know we've made it this far, kid

yeah, yeah, yeah

I am not as fine as I seem pardon

Me for yelling I'm telling you green gardens

are not what's growing in my psyche

it's a different me

a

difficult beast feasting on burnt down trees

freeze frame

please let me paint a mental picture portrait

something you won't forget, it's all about my forehead

and how it is a door that holds back contents

that make Pandora's box's contents look non-violent

Behind my eyelids are islands of violence

my mind's shipwrecked, this is the only land my mind could find

I did not know it was such a violent island

Full of tidal waves, suicidal crazed lions

They're trying to eat me, blood running down their chin

and I know that I can fight or I can let the lion win

I begin to assemble what weapons I can find

'Cause sometimes to stay alive you got to kill your mind

Am I the only one I know

Waging my wars behind my face and above my throat

Shadows will scream that I'm alone

But

I know we've made it this far, kid

yeah, yeah, yeah

And I will say that we should take a day to break away

from all the pain our brain has made

the game is not played alone

And I will say that we should take a moment and hold it

and keep it frozen and know that life has a hopeful undertone

[Repeat]

Am I the only one I know

Waging my wars behind my face and above my throat

Shadows will scream that I'm alone

But I know we've made it this far, kid

We've made it this far, we've made it this
