# To Science

Science! true daughter of Old           Name of a Famous Person           thou art!

Who alterest all things with thy           Three Syllable Word           eyes.

Why preyest thou thus upon the poet's heart,

          Synonym of Science          , whose wings are dull realities?

How should he           A Word That Makes You Laugh Everytime You Say IT           thee? or how deem thee wise,

Who wouldst not leave him in his           A Word That Makes You Feel Smart When You Say It          

To seek for treasure in the jewelled skies,

Albeit he soared with an undaunted wing?

Hast thou not dragged           Word That Rhymes With Horse           from her car,

And driven the Hamadryad from the wood

To seek a shelter in some happier star?

Hast thou not torn the           Something Bell Says a Lot           from her flood,

The Elfin from the green grass, and from me

The summer dream beneath the           Something as Free-Flowing As Bells Hair           tree?
