How to make the most delicious meal!

One day my friend _____
First Name of a Person taught me how to make the most _____
Adjective meal in only one minute. However, this meal may contain side effects like, _____
disease, heart disease, brain injuries, and hair loss. On the bright side, you have all of these ingredients right at _____
Location! These ingredients are _____
Number cups of sugar, _____
Number cups of flour, _____
Number cups of mud, _____
Number cups chlorine (from any pool, even your neighbors), 3 cups of dog food, and lots of food dye so it wont look like throw up, although you could add that in too! Now put all of this in the _____
thing and it should become a _____
Adjective paste after about _____
Number seconds. Now just throw the glass part of the _____
thing with it all inside into the microwave for _____
Number seconds in order to become _____
food like. This beautiful _____
food is now ready for _____
Number to eat!
