The Hotel Room

Once upon a Noun there was a girl named Friend one . She was very Adjective and Adjective . She had two friends named Friend two and Friend three . One day they decided to take a Adjective trip together to the Island of Noun . SO they got on a mode of transportation and reached the island in amount of time- two days five hours etc . When they got to their hotel room, they discovered there was only Number bed(s). They did not want to share at all, so they decided to have a battle to decide who would sleep on the bed, and who would get the floor. They each armed themselves with a weapon. Friend one took a Noun , Friend two took a Noun , and old fashioned Friend three took a Noun . It's very Adjective for Number people to fight at once, so they fought two at a time. Friend two was the first to Verb - Base Form . Friend one and Friend three were the last Verb - Present ends in ING . Eventually, Friend three got tired. Her weapon grew Adjective in her Part of Body . she fell to the ground Adverb . Friend one had won.
