# When I was Twelve

When I was \_\_\_\_\_ Number years old, I often spent time daydreaming of my adult life and all the \_\_\_\_\_ Adjective and \_\_\_\_\_ Adjective things I'd do and accomplish. Sometimes I pictured myself as a \_\_\_\_\_ Adjective \_\_\_\_\_ Noun, \_\_\_\_\_ Verb - Past Participle in \_\_\_\_\_ Noun and shaking hands with \_\_\_\_\_ Noun \_\_\_\_\_ Noun - Plural obsessed with my intriguing work. Other times I saw myself as a \_\_\_\_\_ Verb - Present Tense \_\_\_\_\_ Noun, clad in white, being zipped away on small \_\_\_\_\_ Noun \_\_\_\_\_ Noun - Plural to far off \_\_\_\_\_ Noun - Plural to \_\_\_\_\_ Verb the \_\_\_\_\_ Noun - Plural. And then I saw myself in \_\_\_\_\_ Location, walking the streets and taking in the sights, everything in slow motion, \_\_\_\_\_ Adjective and \_\_\_\_\_ Adjective in the world. I've stumbled a lot along the way but I've made so many strides towards all of these dreams and I'm happy with me, my faults, my day to day and where I'll be in another twelve years.
