Stuff i can't do

I really wish I could fucking Verb. That way I could just Same verb out the door if I had to do some hard Noun or I could avoid being out of trouble. Why the hell can't they just sew Plural noun onto every child that is born? I wish I could just eat Noun cream all the damn day instead of mom making me eat fucking Type of food or whatever. I soooooooooo don't want to grow up because you don't get to do much fucking Noun stuff.
