# GCTC 2015

Welcome to the 2015 Global Consumable Technology Conference. We would like to \_\_\_\_\_ Adjective all of you who traveled to be here with us today. We know \_\_\_\_\_ Adjective can be both a ( \_\_\_\_\_ Adjective ) and ( \_\_\_\_\_ Adjective ) \_\_\_\_\_ Noun so we hope to make the most of our time here together this week.

Right about now most of you are \_\_\_\_\_ Verb - Present ends in ING in with a cup of coffee and maybe some breakfast.

We know our associates visiting from the European team are (scary) about coffee. They will (run) several cups of coffee per day. Georgios compares a good cup of coffee to (board game) and will start off each meeting with a (funny) cup. After a hard day of consumable recapture/retention a (Mai Tai) would probably be much more preferred to a cup of coffee but come morning there better be more coffee on hand or the team will be quite (ridiculous) End of list for group one\*
