The Bad Rebel Sperm

Proper Noun told him that it was time to swim up to the epididymis. So both of them ________ swam to the epididymis. The epididymis was very <u>Adjective</u> and <u>Adverb</u>. They then left the epididymis and went through the vas deferens. Once they were in the vas deferens they carefully went to the seminal vesicle. Then they ______ took a visit to the prostate gland and saw lots of _______ Noun - Plural _____. Then there journey was almost over and they left through the urethra. They went in to the females body racing to find an egg. When <u>Proper Noun</u> found an egg he was very <u>Feeling</u>. He realized that he would not be able to swim faster than ______. He yelled to _______ saying, "I don't want to be a Feeling so if you could wait and go slower, I'll still let you fertilize the egg". She agreed and they shook tails. When they reached the egg, <u>Proper Noun</u> said goodbye to <u>Proper Noun</u>. <u>Same Proper</u> Noun____, however, sped up and got to the egg first and fertilized it. He didn't feel _____ at all. What he didn't realize was that he was a bad sperm. He carried the ______ Virus _____ Virus. When he found out he was Feeling . He was so Feeling to be able to infect more eggs. This made his journey worth while.
