Hey, Adam, have you seen _____Movie_____? It certainly wasn't any _____Favorite Director_____, but I still liked it a lot and wanted to hear your thoughts on it. _____Actress_____ 's performance was really _____positive adjective_____, especially in the scene where _____Actor_____ _____Verb - Present ends in S_____ a(n) _____Noun_____ in _____Location_____.

I could have done without the _____Verb - Present ends in ING_____, but the ending where _____Actor_____ _____Verb - Present ends in S_____ himself with _____Noun_____ definitely made up for it.

I really hope you make a Thoughts On video about it! But don't be negative, because I don't want to change my opinions :)
