# I don't like school

My school is a very Adjective place. It is full of Adjective Noun - Plural and Verb Noun - Plural. The school is surrounded by Adjective fences with Noun - Plural on top. I think this is to stop Noun - Plural getting in, but I like to think that it's to stop Noun - Plural getting out. My Math teacher's name is Author Interesting surname. He is an Adjective person. He always wears Item of clothing, even when it is very Adjective. He has a Adjective Part of Body. His Part of Body smells of Noun - Plural and Noun - Plural. The English Teacher's name is Title Interesting surname. She is always Verb - Present ends in ING on the Noun - Plural and Noun - Plural about Title of a Book by An Author. She gets very Adjective while this is going on and often Verb - Present ends in S her Part of Body about. The History Teacher' name is Title Interesting surname. Same Title Same Surname knows a lot about History because she was alive for most it. She is very Adjective. Her Noun sounds like a Animal is being Verb - Past Tense through a Noun. She complains a lot about her Verb - Present ends in ING Part of Body. I think she might have Parkinson's disease. Her Part of Body wobbles a lot when she Verb - Present ends in S. My school is a very Same adjective as the first place. But it is my school after all.
