# I don't like school v2

My school is a very Adjective place. It is full of Adjective Noun - Plural and Adjective Noun - Plural. The school is surrounded by Adjective Noun - Plural with Noun on top. This is supposed to stop Noun - Plural getting in, but I like to think that it's to stop Noun - Plural getting out. My Math teacher's name is Title Interesting Surname. He is an Adjective person. He always wears Item of clothing - Plural, even when it is very Weather Condition. He has a Adjective Part of Body. His Part of Body smells of Noun - Plural and Noun - Plural. The English Teacher's name is Title Interesting Surname. She is always Verb - Present ends in ING on the Item of furniture - Plural and Manner of speaking eg: yelling about Title of a Book by Author. She gets very Emotion - past tense while this is going on and often Verb - Present ends in S her Part of body - plural about. The History Teacher's name is Title Interesting Surname. Same Title Same Interesting Surname knows a lot about History because she was alive for most of it. She is very Adjective. Her voice sounds like a Animal being pushed through a Power tool. She complains a lot about her Adjective Part of Body. I think she might have Disease. Her Part of Body wobbles a lot when she speaks. My school is a very Same adjective as first place. But it is my school after all.
