12. Adjective

# lit parody

\_\_\_\_\_ Band or Musical Artist vinyl spun \_\_\_\_\_ Adverb  
in your \_\_\_\_\_ Number floor apartment  
where i noticed the rays of sun \_\_\_\_\_ Verb - Present ends in ING through the window  
as we spoke about \_\_\_\_\_ Philosopher in a hazy stupor.  
your pale \_\_\_\_\_ Part of Body fit snugly in mine  
as we walked through \_\_\_\_\_ Borough of New York City that morning  
your radiant smile felt like a \_\_\_\_\_ Noun  
and your laugh tasted like \_\_\_\_\_ Noun.  
and sometimes i think of the \_\_\_\_\_ Adjective sunsets of our frantic youth  
and sometimes i remember your pale \_\_\_\_\_ Noun underneath the moonlight  
and you said i was \_\_\_\_\_ Adjective  
and you said i was pretentious  
and i said, "yeah"
