My One-Eyed Girl

I've fallen in love- I don't know Adverb

I've fallen in love with a girl with Noun eye.

I knew from the start. It was plain to see

That this wonderful girl had an eye out for Proper Noun

Adjective charming and witty and jolly and jocular

Not what you'd expect from a Noun - Plural who's monocular.

Of eyes - at the moment - Noun hasn't full quota

But that doesn't change things for me one iota.

It must be quite difficult if you're bereft.

If Verb - Past Participle left eye is gone and your right eye is left.

But she's made up her mind. She's made her decision.

She can see Adverb quite clearly in 10/20 vision.

She'll

not leave _____ waiting, not left in the lurch

If she looks slightly sideways she'll see me in church.

I'll marry my true love who's gentle and kind.

And thus prove to everyone that loves not quite blind.
