# The famous equation

It all started one evening, while i was sitting on the \_\_\_\_\_ Noun reading a book about \_\_\_\_\_ Noun. I looked out the window and what i saw gave me a great idea. What i saw was a \_\_\_\_\_ Noun. I gave me this vision, and from that point on i started to develop my theory. My theory was that the mass of an \_\_\_\_\_ Noun is equal to the size of a \_\_\_\_\_ Noun. My theory was right and i bcame a famous scientist. My equation helped me to estimate the number of \_\_\_\_\_ Noun on a \_\_\_\_\_ Noun or the liklehood of a \_\_\_\_\_ Number year old \_\_\_\_\_ Animal to develop \_\_\_\_\_ Part of Body disease. But just when things were going so well another scientist named \_\_\_\_\_ First Name of a Person attempted to disprove my ewuation by stating that the mass of an \_\_\_\_\_ Noun is equal to the length of a \_\_\_\_\_ Noun. Eventually his theory was accepted, but i did not accept this. I became so angry and outraged that while at the chippy i \_\_\_\_\_ Verb - Past Tense all the people there, i threw \_\_\_\_\_ Noun at the walls, i scrated my \_\_\_\_\_ Part of Body so hard \_\_\_\_\_ Noun came out of my head, i \_\_\_\_\_ Verb - Past Tense onto the boy next to me and \_\_\_\_\_ Verb - Past Tense him. On the way home i became even angrier because a flying \_\_\_\_\_ Noun hit me in the \_\_\_\_\_ Part of Body and an old man \_\_\_\_\_ Verb - Past Tense my \_\_\_\_\_ Part of Body and \_\_\_\_\_ Verb - Past Tense me. I return home and my mum shouted at me for coming home so late, she \_\_\_\_\_ Verb - Past Tense me and confiscated all of my \_\_\_\_\_ Noun - Plural. Before i went to sleep in sadness i stook a \_\_\_\_\_ Noun in my \_\_\_\_\_ Part of Body and stuffed \_\_\_\_\_ Noun in my ears so i didnt have to hear \_\_\_\_\_ First Name of a Person next door \_\_\_\_\_ Verb - Present ends in ING.
