The Elf Was Not Seen

It was the beginning of the and I was ready to see my friend Max. I got to school excited to see
which Max was on. We were in class and and I could not find him, where is Max
? At my first, I could not pay attention, I need to find him. Time has verb - Past Participle and
I still could not find Max. At my center, I thought I saw him. I think I saw of
Max in the tissue box. I walked up to the box and realized it was a red ball. There was only
Noun - Plural left in and there he was. Max was siting in the open, on the shelf. How did I not see him, it
was so to see him.
