# Everyone loves Legos!

After the winter break, Mr. Jones said the students could bring their \_\_\_\_\_ Adjective toy to class. He said, "I really want to see all the different toys you play with. This room will be filled with all kinds of \_\_\_\_\_ Adjective toys!" Each student went home and told their parents what toy they wanted to bring to show the class. The next day, all the students brought in their favorite toy. Sally was selected to go first. She opened up her bag and pulled out a Lego racecar! Ted was up next, and he showed the class his Lego ship! Mr. Jones asked, "Did everyone bring a Lego set to class? I wanted to see lots of unique toys."
