Don't Mock a Witch

Wendy is a pretty and selfish Noun. After using her selfishness to a Noun woman she is now cursed with Adjective skin, warts, and a Adjective nose. Now she's to enter a beauty Noun and keep the Noun out of control... but question is who's Preposition or subordinating conjunction all this? Is it Wendy's Noun? Her Adjective enemy? or could it have been the kind Noun? Wendy's not sure, but thanks to her carelessness she's becoming a little Adjective!
