# The Missing Princess

It was a \_\_\_\_\_, \_\_\_\_\_ night and the fog was settling low on the ground. You could hear the \_\_\_\_\_ wail of wolves in the distance as we \_\_\_\_\_ trudged through the muddy valley. It was only 8 hours since the beloved young princess went missing, but every second she was gone was a second her life could end. The \_\_\_\_\_ air hit my numb face as my right hand mate called me over to where he was standing. Our commander let us take the \_\_\_\_\_ hounds to search for her \_\_\_\_\_ scent. I quickly ran over to my mate and saw a \_\_\_\_\_, \_\_\_\_\_ sight. The girls \_\_\_\_\_, \_\_\_\_\_, dress \_\_\_\_\_ and ripped on the ground. The felt chills because that was most certainly a bad sign. I looked at my mate and we nodded solemnly and continued our \_\_\_\_\_ search for the missing princess.
