What makes me sad.

Hello, my name is First Name of a Person and I want to tell you what makes me sad. I feel sad when my Adjective shirt is Adjective and I cannot wear it. I feel sad when it is Adjective and raining outside. I also feel sad when they don't have my favorite Noun in the Noun store. It makes me sad when my mother is Adjective at me for not finishing my homework. I feel sad when I miss my favorite television show called name. These things make me sad but I know that I can always feel happy again!
