# Why google is watching you

Google seems at the surface like a \_\_\_\_\_ Adjective company. But in reality they're as \_\_\_\_\_ Adjective as ever.

Google saves your stuff and have no \_\_\_\_\_ Verb - Present Tense \_\_\_\_\_ Pronoun it to \_\_\_\_\_ Noun - Plural

companies.

Your \_\_\_\_\_ Noun and \_\_\_\_\_ Verb - Past Participle is sent to \_\_\_\_\_ Noun for cash, and they start

\_\_\_\_\_ Adverb ads everywhere you \_\_\_\_\_ Preposition or subordinating conjunction often.

So they might be the best \_\_\_\_\_ Coordinating conjunction \_\_\_\_\_ Pronoun, but they are just as \_\_\_\_\_ Noun as the

rest.
