The Mysterious Jelly

It was a normal day. I was playing when my ran out of battery just when I
was about to collect some Treasures in Video Game I carry my same noun out of my bedroom to the
charger, when I see something red and disgusting on the floor. I put my on the charger, and
lookat it. I touch itwith one, and it wobbles like jelly. I think
it IS jelly. I stand up and to the pantry, where the are. I get one, and
go to pick it up, when the jelly wobbles by itself. I stare at it. It wobbles and grows larger and larger! I begin to
wonder why a jelly is sitting on the, but most certainly by itself. I
look around. Nobody's home. I have to deal with this myself.
I, crouch down, and I go to pick up the piece of jelly when it jumps up and grows HUGE!
It roars and looks down at me. Why is it always me who gets the completely odd?
"GET OUT!" it yells. "But this is my" I begin to say, and it roars again. It moves towards me,
and the only chance I have is to! It chases me up the hall and corners me, so I chase it and
corner it. We chase and corner eachother for ages, until the jelly returns to the normal blob of jelly it
Adverb Was.
I always sit and verb - Base Form what happened today.
