# Ants

There are ants in my pocket from lying on the floor. I was looking at the clouds and I felt something move in my pocket, so I reached into them. I found many \_\_\_\_\_ *Adjective* \_\_\_\_\_, \_\_\_\_\_ *Adjective* \_\_\_\_\_ ants crawling around. At first I was scared so I jumped up and ran around everywhere, terrified. I finally settled down and flipped my pocket inside out to get rid of them, they were \_\_\_\_\_ *Adjective* \_\_\_\_\_. I don't like bugs at all, so, I went inside to change my clothes, and then, I put the ones I was wearing in the washer. I stayed inside for a bit to eat some food and feed my dog. But it started to rain, then, after an hour, it stopped. After it had stopped, I went back outside, but I knew not to lie on the floor anymore.
