# My Prank Call FAIL

I was having a \_\_\_\_\_  
Noun at my friend \_\_\_\_\_  
Female name house. We were being \_\_\_\_\_  
Adjective, and so we decided to prank \_\_\_\_\_  
Noun some \_\_\_\_\_  
Noun - Plural and other public \_\_\_\_\_  
Noun - Plural. It was \_\_\_\_\_  
Same female name turn first.

We giggled as we \_\_\_\_\_  
Verb - Past Tense in the number for our restaurant, \_\_\_\_\_  
Restaurant. She tried not to \_\_\_\_\_  
Verb - Base Form as the \_\_\_\_\_  
Noun of the store answered the \_\_\_\_\_  
Noun.

"Hello, \_\_\_\_\_  
Same restaurant \_\_\_\_\_  
Verb - Present ends in ING. What would you like to order?" the \_\_\_\_\_  
Noun says. \_\_\_\_\_  
Same female name puts on a \_\_\_\_\_  
Adjective voice and says "I'd like a \_\_\_\_\_  
Food, please." When she stops speaking, \_\_\_\_\_  
Same female name and I were about to \_\_\_\_\_  
Verb - Base Form with laughter.

"What type of \_\_\_\_\_  
Same food would you like?" the manager says. "I would like a meat lovers' \_\_\_\_\_  
Same food, please. With no meat." she says, in her \_\_\_\_\_  
Adjective \_\_\_\_\_  
Adjective \_\_\_\_\_  
Adjective voice. "

Um, that's a \_\_\_\_\_  
Noun with some \_\_\_\_\_  
Noun sauce... are you sure?" the \_\_\_\_\_  
Noun says, \_\_\_\_\_  
Verb - Present ends in ING confused. \_\_\_\_\_  
Same female name tries not to laugh and says "Yup." The

\_\_\_\_\_  
Verb - Base Form asks for her name and address, and so \_\_\_\_\_  
Same female name says "Um, my name's... um .." She puts her \_\_\_\_\_  
Part of Body on the \_\_\_\_\_  
Noun and asks me "What should my name be?" I whisper

\_\_\_\_\_  
Male name ! She smiles and goes back to the microphone. "Uh, my name's \_\_\_\_\_  
Same male name and my address is \_\_\_\_\_  
Number, uh, STREET." \_\_\_\_\_  
Same female name says. She puts her \_\_\_\_\_  
Part of Body on the

\_\_\_\_\_  
Noun once again and we \_\_\_\_\_  
Verb - Base Form hard, not making a single \_\_\_\_\_  
Noun. "Are you sure?" the \_\_\_\_\_  
Noun says. \_\_\_\_\_  
Same female name goes back to the \_\_\_\_\_  
Noun and says "Yup." The

\_\_\_\_\_  
Noun

replies "Are you sure your \_\_\_\_\_<sup>Noun</sup> is not... \_\_\_\_\_<sup>Same female name</sup>?" \_\_\_\_\_<sup>Same female name</sup> face turns  
\_\_\_\_\_<sup>Colour</sup> and she looks at me in horror. I ask "What?" and she stutters "He... I... my..." Confused, I grab  
the \_\_\_\_\_<sup>Noun</sup> off her and ask "Excuse me?" The \_\_\_\_\_<sup>Noun</sup> doesn't say anything, but we hear  
\_\_\_\_\_<sup>Verb - Present ends in ING</sup> at the \_\_\_\_\_<sup>Noun</sup>. We turn around, and it's the manager, \_\_\_\_\_<sup>Same verb ending</sup>  
\_\_\_\_\_<sup>in ing</sup> on the \_\_\_\_\_<sup>Same noun</sup>, with a \_\_\_\_\_<sup>Noun</sup> in one \_\_\_\_\_<sup>Part of Body</sup> and a burnt pizza in the  
other.
