name] out of my [noun]. And now I'm [verb] at how [adjective] he is in his old age. When we used to hang  
out at [place] I always thought he was a/an [adjective] guy. I wish him a day of [noun] and a/an [adjective] year  
ahead. My only advice to a 40 year old is to live [adjective] and [verb] anytime you can!
