3. Anime Girl
4. Noun

Logans Dream

It was almost 1:00 am in the morning so Logan fell asleep. His dream started off with him and Anime character eating an ice ceam in the world on Anime. They heard a loud crash so they rushed over to see what had happened. It was Anime girl, logans cush, who had fell over a Noun. He then woke up pooping his pants. Probably from seeing his crush.
