## Who killed President Dixon?

One day, in the President's bedroom, someone came in and shot President Dixon. But it has been
year, and no one knows who killed the president. "Maybe it was!" A member
of the council shouted. But know one knew who killed the president. "Maybe country
!" Another shouted. But no one could agree who it was. They looked in his bedroom and found a
of gun ! The FBI tracked the fingerprints down and it was that killed him! But then, out of
President Dixon's bed, President Dixon woke up. He was sleeping the whole time!
He grabbed his and started recording himself with it. "I am Adjective that you felt
for me, America. I was just relaxing my" he said. Everyone was
that Craig was alive again.
