My Weekend

On my last weekend with my Relative I did not go verb end in i n g because it was all Verb - Base Form. But i did go to town and ate lunch at restaurant buffet. I had color beans with some dessert like food. i saw my dad's Relative, Rebecca. it was really day of the week. On day of the week night i went to a football game. I ate a soft day of the week and some food. I had a soda beer for a drink. I got my project for subject in school done also. p.s. it was a great weekend. the end!
