Crappy coverage or no?

Your sewer line has a caused by tree roots. Sewage backs up into the master bathroom
through the toilet and onto the carpet. The vinyl floor in the bathroom and the
Noun carpet need to be
replaced. The vinyl floor requires replacement because it was damaged and would have
required
replacement even if this had been water. The carpet would have been if there
was not sewage
present in the water, but because of the contamination by the, the carpet must be replaced. Is there
coverage for the vinyl? For the carpet? For the repair of the sewer line that has to be accessed through the
concrete driveway?
