Mars

Mars

As a Noun, you might think Noun is fun huh? Well sike! Verb - Base Form to Proper Noun can have some consequences. You might Verb - Base Form it's as simple as that, but nope! It has some big Noun - Plural. You will need to go through Adjective, Adjective training. You can also have hearing loss and also worsen vision. Going to Mars can also kill you. If you want to go to Mars, you might need to re-think because Mars is dangerous.

There are many reasons of why going to Noun is dangerous but one big reason is that Mars is a freeze-dried desert. According to source 3, there is no water on Mars for the astronauts to drink. Without water, Noun won't be able to live because you are going to die from Noun. Another reason is because of the weather. The weather is freezing cold according to source 2. Because of this, the astronauts could freeze to death without anything warmth to help. You wouldn't want that huh? This is why going to mars is dangerous.

Another reason of why going to Mars is Adjective is because you could have some deadly things on your body. One thing is deadly Martian Microbes according to source 3. You wouldn't want this on your back while coming back to Proper Noun because if you do, you might spread a new and unknown disease all over the world. You could also kill off some life in Mars from Earth germs you have on your body. This could affect the scientists who has a hypothesis of the red planet having life. Wouldn't you be Noun to know if there is life on Mars? Well I would. There would be no more life in Mars if the Noun Verb - Base Form them with the earth germs. But who knows...

The

final and maybe the biggest reason is because there are many questions that are unanswered
