6.	Noun - Plural

Saving endangered species

There <u>Verb - Non 3rd Person Singular Present</u> a number of measures that should be taken to protect endangered species.Gland, Switzerland (2 December) - Faced with <u>Adjective</u> declines in <u>Noun</u>, governments must come prepared to urgently implement their collective commitments to global biodiversity conservation and dramatically raise their individual ambitions at the upcoming meeting of the Convention on Biological <u>Proter Noun</u> (CBD). The meeting comes as nations are already on pace to miss internationally-agreed biodiversity targets set to come due at the end of the decade.

In 2010, 196 _______ agreed to a series of efforts to improve the condition of major natural systems including _________, forests and oceans as well as supporting wildlife around the world. When countries meet from 4-17 December in Cancun, Mexico, only 5 per cent of countries will be on track to meet the convention's objectives - collectively
