# Not very Bohemian Rhapsody

Is this the real life?

Is this just fantasy?

Caught in a           Noun          ,

No escape from           Location          .

Open your           Part of Body          ,

Look up to the skies and see,

I'm just a poor boy, I need no           Noun          ,

Because I'm easy come, easy go,

Little high, little low,

Any way the           A Noun                     Verb - Present ends in S           doesn't really matter to           First Name of a Person          , to

Repeat Last           First Name of a Person          .

Mama, just killed a           Animal          ,

Put a gun against his           Part of Body          ,

Pulled my trigger, now he's dead.

Mama, life had just begun,

But now I've gone and           Past Perfect Verb - eg have EATEN           it all away.
