# Jobs

If your going to thrive in the corporal \_\_\_\_\_ world, you'll have to talk the \_\_\_\_\_ and walk the \_\_\_\_\_.

Office speak has subtle meaning. When you greet a co-worker at the \_\_\_\_\_ cooler you should say "Hey, working harder, \_\_\_\_\_ working. This establishes you as a \_\_\_\_\_ player.

When your boss wants to know if your \_\_\_\_\_ the same way she is, she'll say, "I just want to make sure were on the same \_\_\_\_\_.

When it's time to start a project, you don't say, "Lets begin" you say , "Lets get the ball \_\_\_\_\_.

When your boss has nothing better to do, she'll call, "Just touch the \_\_\_\_\_."

She may also tell you to, "Think outside the \_\_\_\_\_."

This is her way of asking you to come up with a \_\_\_\_\_ idea, so that she can take credit for it. Finally, when you complain that she stole your \_\_\_\_\_ idea, be prepared to hear, "There's no "I" in \_\_\_\_\_."

And no one said life is \_\_\_\_\_.
