One day, a warrior noticed \_\_\_\_\_ mages trouble with social situations, so He decided to help her. He trained with her day and night, showing her how to be polite and not be a know-it-all. When he was finished, he continued his journey. Then another \_\_\_\_\_ saw her struggle with magic and decided to show her some basic spells. When she was done training the \_\_\_\_\_, she too continued on her journey. Now the \_\_\_\_\_ was \_\_\_\_\_ than ever before. she became a battle \_\_\_\_\_, and won many wars with her new-found skills, by building bonds between empires and bringing \_\_\_\_\_ together.
