## **Green Apple Martini**

"Oh, I'm sorry, I can't be of much help. I really don't know that many girls I could set you up with since I just
moved here."
His deep chuckle had me squirming. "Amy, I wasn't asking you to set me up with anyone. I was asking if YOU would be my date tonight."
After the words "you would be my date tonight" registered, all I heard was loud swishing in my ears from my
heartbeat speeding up. Immediately, my mind pictured his hair, hair,
eyes and jaw as he smiled at me before laying his lips on
mine.
"Hello? Amy, are you there?"
The sound of his voice jolted me from my daydream, causing the phone to fall from my shoulder. It
hit the desk and floor before I managed to grab it and bring it back to my ear. "Oh my God, I'm
so sorry, Matt. I accidently dropped the phone. What is the function for again? I missed what you said."
I felt the creep up my face with the thought of being caught fantasizing about him. "You're
adorable, Amy. I said I want you to be my date tonight for a fundraiser I have to attend. It'd be a great
opportunity

for you to meet some influential people that could help your career."
"Oh! Yes, that sounds great, Matt. What is the dress attire? What time should I be ready?"
I sat at my desk mouthing, "OH MY GOD!" as he filled me in on the details. As soon as he said
"cocktail attire" I knew exactly which dress I was going to wear. "Okay, then I'll pick you up at 6pm. See you
then, Amy."
I croaked out, "Yeah, see you then, Matt." I heard him chuckling as he hung up the phone.
MATT
I had met Amy several weeks ago in the parking lot of the condominium where we both lived. The first thing
that caught my attention was her dark Adjective eyes. Most women saw the
Noun I wore, assumed I was a Noun and would try to slither their way into my life. Not Amy,
she barely seemed to notice me. Which of course made me want to pursue her.
After running into her the second time, I asked for her number. I called her pretty much every day since. My
schedule

was pretty and didn't leave much room for dating, but when the head of Thoracic Surgery
asked me to go to a fundraiser tonight and bring a date, Amy was the first person I wanted to ask. At first I
thought she was going to say no, but when she started fumbling her words I realized she was just nervous.
There I was, about to knock on her door to take her on what I'd hoped would be the best first date she'd ever had
Maybe the hospital fundraiser wasn't the most romantic event, but they'd have food, liquor, a band, and dancing.
With those four things I could turn any evening into something she would never forget.
When Amy opened the door I was dumbstruck at how incredibly beautiful she was. She had on a tight fitting
little black dress that dipped down low in the front but was still appropriate for the evening. The dress was mid-
thigh in length and between that and the four inch heels she wore, her legs looked long and sexy. She was
beautifully elegant and my cock seemed to agree.
For once, I was the one stuttering and searching for the right words to say. I wanted to ask her if she had any
on, but thankfully my brain wasn't completely mush and I said. "Oh my, Amy, you are stunning."
Her cheeks turned a shade of pink and she spun around showing me the full view of her dress.
The back of her dress dipped down to her waist hugging her firm ass perfectly. "You like?"

and moved to the next group of people to greet.
I laughed and Amy turned ashade ofshade of "Well, I guess I'll have to make this a
night you'll never forget. I got orders straight from the mayor himself."
Her eyes as she answered. "So far, this has already been a night to"
"Well, let's not stop there. May I have this dance?"
We each took a of our drinks and placed them on the table. She placed her hand in mine and I led
her to the dance floor. I held her against my body as we swayed to the music. I Adverb
my lips to her ear. "You are so beautiful, Amy. I'm glad you were able to join me this evening." I felt her body
shiver, giving me the clue I was looking for. She was into me just as much as I was her.
AMY
When he whispered into my ear my whole body trembled as his breath caressed my neck. He

was

such a gentleman and was treating me like I was If he kept this up I would be in
his hands by the end of the night. We enjoyed our dinner while talking to our table guests and each other. Matt
was such a good dancer and the last song we danced to, he sung the words to me as if the song had been written
just for us. By the end of the evening I was swooning over him. It could have been the Green Apple Martinis, but
if I'm being honest with myself, it was Matt that had me head over heels.
When we got to my front door, I turned toward him. "Thank you for tonight. I had an amazing time."
"The pleasure was all mine. I hope you'll allow me to take you out again soon."
I smiled up at him. "Hmmm, I think I might be able to find some time to fit in another date with you."
He pulled me against his body and leaned in, placing his lips on mine. I'd been waiting all night to kiss him. I
opened my mouth allowing his tongue to enter and explore mine. He devoured me as if I was his
favorite flavor of the evening. The taste of the Green Apple Martinis still lingered between us, causing my head
to feel dreamy as I recalled our perfect night.
When he broke the most amazing kiss I'd ever had, I knew I needed more of him. "Will you stay the night?"

"I'd love nothing more, myAdjective Amy."
Green Apple Martinis were now my favorite cocktail and Matt had quickly become my favorite first date ever.
