# Tatianna's Day

When her alarm rang this morning, Tatianna got right up out of-- well, not out of bed, since she uses a \_\_\_\_\_ Noun \_\_\_\_\_ to sleep in instead of a bed, but you get the idea. She went to the kitchen to get her favourite breakfast, \_\_\_\_\_ food \_\_\_\_\_. After eating, she decided to put on her \_\_\_\_\_ clothing \_\_\_\_\_, which she wore just the way she likes it-- \_\_\_\_\_ number \_\_\_\_\_ sizes too big. She hopped in her car, which she affectionately calls the \_\_\_\_\_ Noun \_\_\_\_\_ mobile, and headed to school. Her first class, " \_\_\_\_\_ Noun \_\_\_\_\_ studies," was at nine, and she was just in time. Her professor, Dr. \_\_\_\_\_ body part \_\_\_\_\_, was just about to begin. "Today we have a guest lecturer! Her name is Krisztina, and she will be talking to you about her research on \_\_\_\_\_ Noun Plural \_\_\_\_\_." Krisztina took the microphone. "Thanks! Well, I have to say, I took an interest in this topic because I find it absolutely \_\_\_\_\_ Adjective \_\_\_\_\_, and I've been studying it for quite a while now. Don't be jealous, but I make \_\_\_\_\_ number \_\_\_\_\_ dollars a year for my work. I used to want to be a \_\_\_\_\_ job \_\_\_\_\_, but I find this so much more fulfilling." Krisztina talked for a while, and then it was time for Tatianna to have a nice break. So far, it was a very \_\_\_\_\_ Adjective \_\_\_\_\_ day.
