My First Day

Dear Diary, I started middle school this year My _____ brother in high school, always told me how _____ adjective ____ middle school was and how he wishes he could've skipped those three years. I didn't think it would be that ______. I mean how Same Adjective could it possibly be? That was my mindset before the first day. I know you're thinking I probably woke up, ______ my alarm and danced to random background music until I was ready to leave, and then proved my brother wrong! LIES! I woke up 20 minutes after my alarm was supposed to go off because it was set to 8:00 PM not Am. Then I rushed out of bed and _____ put my clothes on WITHOUT light. Turns out I put my pants on backward and my shirt on inside out. I didn't realize this until after I _____ my bagel, put on 2 different socks, put my hair in a _____ messy bun and had run to my bus stop before missing the bus completely. So, then I hid in the bushes until my Smart _____ brother came to pick me up. He pulled up to the curb and had the right to say to me "Told you it would ______." When I got to school I went to the wrong first period. Then in P.E., someone hit me in the face with a ______. After that, some kid who was staring at his phone in lunch walked into me and spilled _____ all over me. But... In the sixth period, a girl into the bathroom with the same _____same Food_____ stain, a _____injury___ on her head

backward jeans, mix-matched socks and a note sa	aying "Came	to the wrong class"	in her hand, and asked me "
How's your day been because mine has been	Adjective	"
