# clean my keyboard

When I clean my \_\_\_\_\_<sup>Noun</sup> I first take the keys of one by one and I put them in a bowl. Then I get soap and make the \_\_\_\_\_<sup>Noun</sup> really bubbly and make it drip into the bowl. After that I mix the soap with water and make the water soap water. I get Brillo pad and soak it with the soap water \_\_\_\_\_<sup>Verb Base Form</sup> the keys I repeat that \_\_\_\_\_<sup>Number</sup> more times. So I drain the soap water and wash all of the soap of then I get a \_\_\_\_\_<sup>Adjective</sup> towel and put all the keys on the towel and pick up all \_\_\_\_\_<sup>Number</sup> corners and make a sack then tie it with rubber bands or string. Finally I pick up one by one and get a new \_\_\_\_\_<sup>Adjective</sup> \_\_\_\_\_<sup>Noun</sup> and \_\_\_\_\_<sup>Noun</sup> all of the water off of the keys and finally I leave the keys in a \_\_\_\_\_<sup>Noun</sup> for a night and thats what I learned from my brother \_\_\_\_\_<sup>First Name of a Person</sup>.
