# This is me

My name is Marigold table Cat. I live in a caravan in New York. I have lived a full and fabulous life, and have now reached the age of zillions years. My favorite food is \_\_\_\_\_ Adjective \_\_\_\_\_ dog burgers slathered with snot.

They are delish!

My background and appearance is unusual, to say the least. My mother was half-phantom and my father was a horse, and I inherited qualities from both of them. My mom always said I got my legs from her, and my nose from Dad. I can't argue with that.

I have a pet Cat that I call \_\_\_\_\_ Proper Noun \_\_\_\_\_ to distinguish it from myself. I also keep several zebras around because they are so awful, I just love them! \_\_\_\_\_ Proper Noun \_\_\_\_\_ enjoys eating my trousers, so I am constantly buying new ones.

My favorite pastimes include going to the local MacDonalds three times per week. I also enjoy building giant houses. I am very good at that. Sometimes I inject milk into my veins, because it makes me feel very excited.

My \_\_\_\_\_ Adjective Ends in EST \_\_\_\_\_ hope is to someday become a shoemaker. Then I will invent a better hairbrush. I will also cure cobblywobbles. Until that day comes, I'll keep living by my motto: "mind the gap!!!"

The End
