Absolute Catastrophe

I took the	Adjective	Noun	once; it was	Adjective		
I find the low road much more						
I felt like I was	S Verb Present end	ds in ING	_ for office			
Now I'm always on the Verb Base Form						
I pushed a up a-over and over						
I pulled a billion dirty						
I put away enough whiskey						
To the river sticks						
[Chorus 1]						
I you lies						
Then Proper Noun got wise						
The truth is, I'm a total disaster
