# Night Time

\_\_\_\_\_ Time of Day - Night -Day -Noon time is the worst. Who has time to sleep when there are so many  
\_\_\_\_\_ Adjective things to do! I would rather play with my \_\_\_\_\_ Noun Plural, play a game on my  
\_\_\_\_\_ Noun, or talk to my \_\_\_\_\_ Proper Noun Plural! And why do the best TV shows come on at \_\_\_\_\_ Time  
\_\_\_\_\_ of Day - Night -Day -Noon? I never seem to be tired so falling asleep is \_\_\_\_\_ Adjective. Plus, I never really  
\_\_\_\_\_ Verb Base Form anyway. I only close my eyes for a few seconds and suddenly it is day time again! I wish  
our bodies didn't need sleep. It is just a waste of time that I could use for more \_\_\_\_\_ Verb Base Form time!
