I took a Noun around the Noun to

Ease my Adjective mind

I left my body Verb Present ends in ING somewhere

In the Noun Plural of time

I watched the Noun Verb Base Form to the Adjective

Side of the moon

I feel there is nothing I can do, yeah

I watched the same noun same verb to the

 same adjective side of the moon

After all I knew it had to be something

To do with you

I really don't mind what Verb Present ends in S now and then

As long as you'll be my Noun at the end

If I go Adjective then will you still

Call me noun with Super in front

If I'm Adjective and well, will you be
