# My Service Year

Exclamation! It's hard to believe that this year of service is already coming to a close. I was placed at Your NHC host site as a Profession, and it was a Adjective experience overall. The atmosphere at my site was Adjective and Adjective, and my workspace was Adjective and Adjective. Each day when I came in, the first thing I did was Verb- base form. At the end of the day, I never walked out the door without Verb ending in -ing.

On my favorite days at service, I volunteered. It was a tougher day when I needed to Verb- base form. But regardless of the task at hand, I knew I was helping meet an unmet need in the community.

I encountered some challenges throughout the year-- such is life! Thinking back on a particular challenge, I believe it helped me grow in Character trait or skill and Character trait or skill. Of course there were victories and successes, too. Throughout my service term, I developed my ability to Verb- base form and Verb- base form.

One very impactful person I met this year was Person. I admire this person for their Character trait or skill.

One of my favorite things to do in Pittsburgh this year was Verb- base form, and Place in Pittsburgh was one of my favorite places to go. I am leaving this year with a feelings of Feeling or emotion, Feeling or emotion, and Feeling or emotion.

I am a valuable and unique individual, and I have so much ahead of me! I will absolutely soar in whatever I choose to do next.
