# School is so cool

I miss my Noun.

They were so Adjective.

They were the Adjective Ends in EST Noun of the bunch.

I couldn't wait to see them every day.

I whole Adverb thought we could save the Noun.

One adjective at a time.

lobbing nouns down from the Noun.

And Verb Present ends in ING theme statements at the enemy.

But the Proper Noun is Striking back with Noun.

How will be Return?

These are not the Noun Plural you were looking for.

They were like little warrior Animal - Plural.

Cheer nub my type of person. Yub Cheer.
