# STORY 1 FAIRY TALE

Once upon a time, there was a           Noun           named           First Name of a Person           who lived in the kingdom of

          Proper Noun          . While on a walk in the enchanted           magic place          , they saw a           character 2          .

"          Onomatope          !" they yelled. But the           character 2           came up to them and began to           Verb Base Form          

. It wasn't mean at

all! "I'll call you           First Name of a Person          ," said the           character          . They became best of friends and went

back to live in

the castle for ever and ever.
